

Water, Pure and Simple

WATER STORAGE SOLUTIONS

MUELLER

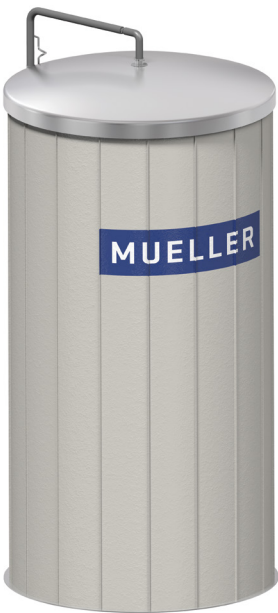

Protecting Your Inventory

Our expertise in sanitary stainless steel welds and finishes delivers the ultimate product protection against contamination. With water storage silos available up to 100,000 gallons, capacity issues are solved.

Stainless Steel Silo Storage

- 5,000 to 100,000 Gallons
- Heat Transfer Surface
- Optional horizontal agitation
- 100% stainless steel construction, including all non-product contact and structural steel
